

**NOW HIRING!**

# New Athens Ambulance Service

- Flexible hours!
- Tuition assistance available for most candidates!
- Generous compensation!

New Athens Ambulance Service is needing your help. Due to a shortage of EMTs the service is not able to answer every call. This results in a delayed response from another agency. We are very fortunate to have our service and extremely grateful for the care they provide, but they need your help. If you, or someone you know, would love to help our community and save lives, please reach out to Village Hall (618)475-2144 for more details.
